

## FANCOILS

AirLeaf,  
fancoils for  
high-efficiency  
heating and  
cooling.

**AirLeaf SL**  
The high efficiency fancoil

**AirLeaf SLS**  
The low height fancoil

**AirLeaf RS**  
The fancoil with radiant  
function

**AirLeaf SLI**  
The built-in fancoil

**AirLeaf SLSI**  
The low height  
built-in fancoil

**AirLeaf RSI**  
The built-in fancoil  
with radiant function

## Range products

HEAT PUMPS  
AIR/AIR HEAT PUMPS WITHOUT OUTDOOR UNIT  
FANCOILS

CONTROLLED MECHANICAL VENTILATION

## FANCOILS

Design solutions  
that can provide heat,  
cold and dehumidification  
in the smallest of spaces.

**NEW 2023** **Filomuro Slim Fit - SW**  
The wall-mounted fancoil with reduced width

**NEW 2023** **Filomuro Slim Fit XL - SW XL**  
The wall-mounted fancoil with extra power

**Filomuro Built-in - SWI**  
The completely recessed  
wall-mounted fancoil

**Filoterra - SLF**  
The built-in floor fancoil

**DUCTO - SLC**  
The ductable fancoil

**DUCTO MULTI - SLC+**  
The integrated multi-zone  
ductable fancoil

NEW  
2023  
M7 SERIES  
CONTROL

**AIR/AIR HEAT PUMPS  
WITHOUT  
OUTDOOR UNIT**

..2.0  
Two holes,  
zero external units.

**..2.0**

Air conditioning without  
an external unit

**..2.0 MINI**

The first air conditioner  
without an external unit  
with R290 propane gas

**..2.0 + FCU**

The air conditioner without external unit  
with integrated fancoil

**..2.0 ELEC e..2.0 ELEC 2 kW** NEW 2023

The air conditioner without external unit  
with integrated electric heater

**..2.0 Vertical**

The air conditioner without a vertical  
outdoor unit

**HEAT PUMPS**

Heat pumps  
for the comfort  
of the home.

**3in1 Mono** NEW 2023

The ductable packaged air/water heat  
pump with domestic hot water tank

**eHPoca**

The compact split heat pump  
with R32 refrigerant

**3in1**

The split heat pump with integrated  
domestic hot water preparation  
tank with R32 refrigerant

**3in1 Built-in**

The built-in split heat pump with  
integrated domestic hot water tank with  
R32 refrigerant

**eHPoca GEO WW**

The geothermal or groundwater  
heat pump

**3in1 GEO WW Built-in**

The built-in geothermal or  
groundwater heat pump with  
integrated domestic hot water tank

**IN.CH**

The evaporative condenser chiller

**..2.0 H2O**

The water/air heat pump for  
water loop applications

**HEAT PUMPS**

STØNE,  
The heat pump  
not to be  
hidden any more.

**STØNE M1**

Monobloc heat pump complete with  
circulator, safety valve and  
expansion tank

**STØNE H1**

Heat pump with integrated storage of  
200 litre for domestic water,  
connected to the outdoor unit  
through hydraulic lines.

**STØNE B1**

Heat pump with internal  
hydraulic module connected  
to the outdoor unit through  
refrigerant lines

**STØNE T1**

Heat pump with indoor  
unit storage of 200 litre for  
domestic hot water and  
connected to the outdoor unit  
through refrigerant lines

**STØNE C1**

Heat pump with built-in cabinet  
with integrated 170 litre storage  
tank for domestic hot water and  
connected to the outdoor unit  
through refrigerant lines

**HEAT RECOVERY  
VENTILATION**

**HRC**

Decentralised single or dual flow heat  
recovery unit

**Aspiratore d'aria**

Air extractor with nominal air flow 60 m³/h,  
maximum 80 m³/h

**HRC+ / HRC+ HV / HRC+ V** NEW 2023

High-efficiency, high-flow decentralised  
heat recovery unit

**HRP DOMO**

Air renewal units with sensible or  
enthalpic recuperator

**HRP DOMO EXT**

Fresh air unit with passive recuperator,  
vertical built-in installation

Air exchange  
and energy  
saving.

**HRP DOMO SMALL** NEW 2023

Air renewal compact unit with sensible or  
enthalpy recuperator

**HRN+** NEW 2023

High-efficiency heat recovery units

**HRW**

Passive recovery air renewal and hydronic  
integration with recirculating air

**HRD** NEW 2023

A compact unit for dehumidification and  
air treatment with high-efficiency  
heat recovery for radiant panel  
applications

**HRA-I SLIM**

Air renewal units with passive and active  
thermodynamic heat recovery

**..2.0 RINNOVA / XL** NEW 2023

Air exchange unit with thermodynamic  
recovery

**HRA-i PLUS**

The compact heat pump unit for heating,  
cooling and air renewal in nZEB dwellings

**DEH**

High-efficiency, exposed and built-in  
dehumidification units

**Distribution systems**

Accessories for aeraulic distribution
